OGDEN.

TUESDAY, NOVEMBER 10
WEDDING BELLS.

Gilmore-Jail Birds and Building—News from the La Plata Mines.

The marriage of Miss Rose Kimball, daughter of General Nathan Kimball, to Mr. P. J. Gorman, of Rock Springs, Wyoming, will be solemnized this morning at 9 o'clock at St. Joseph's church. The bride is well known in this city and has always taken an active part in society. The groom is a prosperous business man of Rock Springs.

The First District Court.
Yesterday was a very light day in the first district court. The following cases were disposed of:

ORDER FOR A DECREE.
In the case of George A. Boyd vs. the Central Pacific railway company, the court made an order for a decree. Jesse B. Hart, attorney for the plaintiff.

GRAND JURY CONVENES.
The grand jury answered and the following reported present: E. T. Hulanicki, E. S. Lutz, Philip Hank, A. D. Shurtliff, Carl W. Hestmark, James S. Keen, A. J. Chamberlain, Albert Wilson, Jr., John Saltonberger, Joseph Manning, William Smith, M. Bell, George A. Bradshaw. The jury was charged, and retired to their room to take up the calendar.

ORDER DISMISSING.
In the case of Ella S. Parker vs. P. Baltrugger et al., on motion of H. H. Roapp, attorney for plaintiff, order dismissing at cost of plaintiff.

Police Court.
In the police court yesterday the judge had very few prisoners on the docket. The principal offenders were plain drunks who were punished by a fine of \$5 or ten days or upwards. One of the demi-monde was put in the jug on a charge of drunkenness and disorderly conduct.
Sing Lee, one of the outcasts of China, was placed in lock for thirty days on the charge of petit larceny.

The New City Jail.
Since the excavations were completed wonderful progress has been made on the new city jail and police court building. A large force of men have been kept busy, and within a few days the structure will be enclosed. Before the day it will be completed, and then the hobs and street walls that are run in will have a pretty respectable place to stop at. The building will cost \$20,000.

Gilmore to Return.
Prof. Gilmore announced at the opera house Sunday evening that he was very much surprised at the wonderful growth Ogden had attained in the last few years. He had passed through here several times with his band, on the way to San Francisco and Salt Lake, but this was his first opportunity to visit the Junction city. The professor was very much pleased with the royal reception given him here, and said that in about a year he would return with the greatest band that ever traveled. It will contain one hundred members, all of whom will be the best musicians that can be secured.

City Council.

City council, Mayor Turner in the chair. The committee on laws recommended that the city attorney be directed to furnish a written opinion as to what steps are necessary to compel the Bear River Canal company to furnish an itemized statement of the cost and expenditures in constructing present city water works. Adopted. That Gibson & Wilkerson be paid the 10 per cent. hold back for the construction of the sewer in District No. 1. Adopted.

The committee on streets reported Thirtieth street is being graded from Washington avenue to First street; that no action be taken in the matter of turning the water sewer running on Twenty-eighth street to some other street. Reports adopted.

The committee on public buildings and grounds recommended that the new city jail be fitted with gas fixtures; that Woods & Smith be paid \$300. Adopted.

The special committee appointed for that purpose reported that they had investigated the charges brought against Councilman Calvert. It is alleged he was a subcontractor in furnishing material for municipal buildings now being erected, and that in his dealings they believed Mr. Calvert's actions in the matter were prohibited by law, as territorial statute provided, "That no member of a city council or municipal body can be interested, directly or indirectly, in contracts with the city." The matter was in fact, the committee reported, an hour. Councilman McManis moved that the matter be referred back to the special committee. The attorney asked to report at the next meeting. Motion carried.

The petition of citizens of Twenty-first street, also on Twenty-second street, for electric street lights east of Washington avenue, was referred to the committee on streets.

The citizens of Five Points petitioned for an improved fire department alarm boxes. Referred to the committee on fire department.

A petition signed by barbers and a number of citizens remonstrating against the previous action of the council allowing barber shops to keep open on Sunday, was referred to the committee on law with instructions to rescind the previous action.

Over one hundred business firms of Ogden petitioned for the repeal of the special license tax to do business. The committee on licenses.

After transacting miscellaneous business the council adjourned.

General Cleanups.

The grand jury convened yesterday.

Real estate transfers were rather light yesterday.

Judge Palmer made a very brief charge to the grand jury yesterday.

Will R. Barker, of Salt Lake, was registered at the Reed yesterday.

T. H. Cass and wife, of Chicago, are in the city visiting with friends.

Councilman H. H. Spier is leaving to-day for Idaho, to look after some stock interests.

Ralph F. Nielsen, of the Missouri Pacific railway, was in the city yesterday on business.

Joseph A. West, of THE HERALD, passed through the city yesterday on his way to Logan.

Strangers coming to Ogden remark that it is very poorly lighted for a city of her magnitude.

Albert Sisson, train dispatcher of the Union Pacific at Rock Springs, was in the city yesterday.

I. W. Fulton is still confined to his home with sickness. He has been having some of Lydia's fever.

Miss Lucia Smith, the efficient teacher of the Birch Creek school will give an entertainment next Friday evening.

Brick work has begun on the new city hospital, between Madison and Monroe avenues, on Twenty-ninth street.

The "Smuggler," a mining claim in the La Plata, owned by E. M. Pease, G. A. Fraig and others sold for \$2,500 a few days ago.

ago. The Smuggler is about two miles from the La Plata mine.

Great preparations are being made for the Knights of Pythias ball to be held in the Boyle building Thanksgiving evening.

John F. O'Connell, the "Irish comedian," was reported from a trip to Iowa. He says he voted for Governor Hooten. John is a Democrat, every inch of him.

There are undelivered messages at the Western Union telegraph office for the following parties: H. H. Hally, Thomas Murray, E. J. Des Moines, W. T. O'Hara, M. H. Clark.

The New York Philharmonic club played at the Methodist church last evening. The proceeds go for the benefit of the Utah university. The audience was only fair owing, no doubt, to the Gilmore concerts at the Grand on Sunday.

A miner returning from La Plata brought the information yesterday that immense hoisting works are being put in the La Plata mine. The machinery will be put in operation in a few days, and a shaft will be sunk several hundred feet.

PARK CITY.

TUESDAY, NOVEMBER 10

CRESCENT WILL SOON SHUT DOWN

Sinking of a shaft to connect with the Alliance commenced.

It was learned yesterday from an authentic source that the Crescent, owing to the near approach of winter and the snow, will close down the tramway within the next week or ten days. It was also learned that that company has commenced the sinking of the shaft to connect with the Alliance tunnel.

The Park City ice company is just putting on its warehouse at Kimball's ranch. The buildings that it now has will be ample to store about five thousand tons of ice.

The funeral of John Hughes, the old man who was found dead in his cabin in Pocatello gulch, was held Sunday at 2 p. m. at the residence of Judge Hayt, where an impressive service was delivered by the Rev. Cook, the Congregationalist minister at this place. A large number of friends followed the remains to the grave.

H. S. Joseph, the head engineer of the Hot Springs railway, came up on Sunday last to see that everything in the way of surveying was done for the new switch on the Metropolitan Stone company's quarry.

Miss Lottie Savage came up yesterday morning and will grace Park City society for the next two or three weeks.

Messrs. Geiger, A. D. Moffatt and John Dixon returned on Sunday last from a visit to Salt Lake.

Mr. Ruth, representing Hanson Produce company, went to Salt Lake yesterday.

A HINT TO MANAGER BURTON.

There are a great many people in this city who often like to go to Salt Lake to see some stirring attraction at the theatre, and, it being impossible for them to get down in time to secure seats, it devolves upon them to telephone, but that does them very little good, as some of them have telephoned to the theatre for seats for Fanny Davenport, and resting secure in the thought that they had been kept waiting until the performance and went down. Going to the box office, they inquired for their seats, but were informed that they received no telephone orders. It was embarrassing to the gentlemen at least, as they had relied on getting them, and had brought their ladies down, so they had nothing to do but wait for Friday night and get them then. Now, the question is, would it do any harm for Mr. Burton to reserve a seat or seats when telephoned for from this place? As, if they were not called for, they could be easily disposed of.

PROVO.

TUESDAY, NOV. 10

A CABBY DRUGGED AND ROBBED

A Sociable—Scarlet Fever at Fillmore—New Instruments—Etc.

The first district court is occupied in the trial of John C. Sharp vs. N. S. Neilson and others for recovery of the equity value of about one hundred head of sheep.

John Buras, a tough gaiest from P. V. Junction, was found on the street in a quarrelsome and drunken condition yesterday morning and brought into the police court by his strength. He paid \$5 for being drunk, but when arraigned for resisting an officer he asked the aid of an attorney, and his examination was postponed until last evening.

Late Saturday night Mill Jaques, a hack driver, was drugged and robbed. Before making his usual run to the depot he was on his way from home when he was accosted by an individual who observed that Jaques had a bad cold and offered him an antidote in a bottle. The driver drank heartily. A dizzy sensation immediately overcame him and he became unconscious.

The hold-up put him into the bus and they flew away to the depot, where the villain escaped and Jaques was left to be picked up and brought in by his fellow cabmen, who supposed he had been drinking, and when convulsions set in they sent for Dr. Heckford, who restored him. It was found that a large quantity of strychnine had been administered, too large to cause death.

The cabman was robbed of \$30. The other is still in the enjoyment of liberty.

Two beautiful saxophones were received yesterday by the Opera orchestra, and the musicians are as delighted with this addition as children with a new toy. It is the purpose of Prof. Giles to have an orchestra play by the Opera orchestra, and it is evident that the end will be accomplished as he has the hearty support of all musicians as well as the people.

A pleasant party was held last evening at the residence of Mrs. S. R. Thurman, as surprise to her son Bert. Among the popular young people present were the Misses Pease, the Misses Smoot, Edna and Debra Penn, Dora Moore, Clara Dusenberry, Dora Davis and Etta Davis; Messrs. Thomas Pierpoint, Robert Irvine, E. C. Davis, Zeigler King, Will Greaves and others. A delicious repast was served and the guests were handsomely entertained.

Report came from Fillmore yesterday morning that four or five cases of scarlet fever have developed, in consequence of which the schools were closed and medical aid summoned.

Two of Judge Thomas C. Callister's chambers are said to be down with this dread disease.

The board of directors of the East Co-operative institution were in session yesterday at the office of A. O. Smoot, and discussed matters connected with the business.

Hon. William J. Armstrong discussed civil and religious liberty at the opera house yesterday evening. He is an orator of considerable merit and entertains with the powers of a Phillips or Ingersoll. The speech on the above topic is a master piece of this orator and has been widely circulated.

A movement is now on foot in the wards to purchase an organ for the tabernacle. The need of such an instrument has been long felt and it is to be hoped that the wards will assist with due liberality in its purchase. Applications have been filed from some of the most distinguished organists in America for recitals at our tabernacle and engagements would have been made but for the want of a proper instrument.

EVERYBODY KNOWS.
That at this season the blood is filled with impurities, the accumulation of months of close confinement in poorly ventilated stores, workshops and tenements. All these impurities and every trace of scrofula, salt rheum, or other diseases may be expelled by taking Hood's Sarsaparilla, the best blood purifier ever produced. It is the only medicine of which "100 doses one dollar" is true.

PIKE & SHORES, PHYSICIANS AND SURGEONS.

KING & HOUTZ, ATTORNEYS AT LAW.

ENTERPRISE RESTAURANT, B. F. Elmer, Prop. Open day and night.

TOILET HINTS.

A clear complexion is the result of good health—not of cosmetics.

Cosmetics can be used in moderation to advantage, but they are never so perfect as the bloom which good health imparts.

A clear complexion is usually the result of good circulation, and good circulation is the steady flow of the blood through the system. When the blood is sluggish and the mind depressed, nothing is so beneficial as a pure medicinal stimulant, and nothing so thoroughly stimulates the circulation as keeps it in regular and perfect order as pure whisky.

While there are many so-called whiskeys, there is only one that is admitted to be a purely medicinal one, namely, Duffy's Pure Malt. Druggists and grocers may try to argue to the contrary because they make more money on cheap and inferior goods, but it is always best to bear in mind that the one which has been tested, tried and proven by experience is the only certain one.

A miner returning from La Plata brought the information yesterday that immense hoisting works are being put in the La Plata mine. The machinery will be put in operation in a few days, and a shaft will be sunk several hundred feet.
